## Payment Assistance Policy

### 1. Scope

This policy applies when the following customers acquire telecommunications products that are not for resale:

- individuals acquiring products for personal or domestic use;
- not-for-profit organisations; or
- businesses that do not have a genuine and reasonable opportunity to negotiate our customer contract and with an annual spend with Bolton Clarke of no more than \$40,000.

### 2. Purpose

The purpose of this policy is to provide a framework to enable us to help customers facing financial difficulty, whether short term help of up to 3 months or long-term help for more than 3 months is required. The goal of this policy is to prioritise keeping the telecommunications service of customers facing financial hardship connected. Disconnection will only be used as a measure of last resort.

Eligibility for payment assistance

Customers may be eligible for payment assistance if they cannot pay their bills to us because of reasonable causes such as:

- personal or household illness;
- unemployment;
- low or insufficient income, including reduced access to income;
- being a victim survivor of domestic or family violence;
- a death in the family;
- a change in personal or family circumstances;
- a natural disaster; or
- unexpected events or unforeseen changes that have impacted the customer's income or expenditure;

and the customer considers that they will be able to pay their bills to us if we agree on an arrangement for financial hardship assistance.
